APPLICATION AREA
These Anaconda hygienic design blind plugs from stainless steel AISI-316 are specially designed for applications in the food and pharmaceutical industry where hygienic design is a necessity. They have a high corrosion resistance and assure a perfect fit in combination with a smooth surface and rounded edges.

MATERIAL & CONSTRUCTION:

Construction: Blindplug consisting of 2 parts.
Material: The body is stainless steel AISI-316, and the blue rubber seal is made of TPE in accordance with FDA/CFR 21.
Temperature: -40 °C till +105 °C.
Colour: Metal shining.

CLASSIFICATION ACCORDING TO NEN-EN-IEC 61386:

Protection class: IP 68.
